

3 piece set: "Nightjet" Eurofima coaches, ÖBB

6260084 | **ÖBB**

railway company: ÖBB

149,90€

Set of three Eurofima passenger coaches, type Bmz, of the Austrian Federal Railways.

- Version as a seating coach with an attractive "Nightjet" design
- Two coaches in the new "Nightjet" livery

With the timetable change in December 2016, ÖBB launched its Europe-wide night train service under the brand name Nightjet. Since December 2017, Nightjet (NJ) has also been designated as a train category. The initial redesign of the coaches was carried out using adhesive films. The striking design featured a dark night blue colour with elements reminiscent of a starry sky. Coaches previously styled in the original Nightjet design were later given a makeover. Instead of adhesive films, a painted finish in the colours of the latest Nightjet design was preferred. The once-prominent starry sky motif is now a thing of the past.

General data

Coupling	NEM shaft 355 with close coupling mechanism
EAN	9005033387600
Interior fitting	Model with interior furnishing
Scale	N
Epoch	VI
Railway Company	ÖBB

Electrical

Interior lighting Article number	946901
Interior lighting	Retrofittable
Control	DC Analog

Measurements

Length over buffer	495 mm
