

## Articulated double-pocket wagon T3000e, CFL Cargo

6660102 | CFL

railway company: CFL

**99,90€**

Articulated double-pocket wagon, type Sdggmrss/T3000e, of the CFL Cargo.

- Wagon made from die-cast metal
- Loaded with two truck trailers of the forwarders Mars Logistics

The "T3000e" Megatrailer pocket wagon is a further development of the "T2000" class. Its loading space is designed to accommodate the low-lying vehicle parts of the Megatrailer. Additionally, it can also load trailers from previous designs, swap bodies, and containers up to a length of 7.82 m.
