

2 piece set: Silo wagons, Holcim

6600233 |

89,90€

Photomontage

Set of two 4-axle silo wagons, type Uacs, of the Holcim.

- Former SBB wagons in use at HOLCIM
- Designed in line with current HOLCIM branding

These are former SBB Uacs-type silo wagons, now repainted in the new Holcim livery. The repainting of the boiler extends up to the roof edge. However, the roof area - including the roof walkway and silo hatches - has not been repainted on most units. As a result, the wagon roofs retain their original SBB blue colour.

General data

Coupling	NEM shaft 362 with close coupling mechanism
AC Wheel set Article number	40196
Article number	6600233
EAN	9005033386269
Scale	H0
Epoch	VI

Electrical

Control	DC Analog
