

## Electric locomotive 189 909-5, Beacon Rail

7520188 | **EINSTELLER**

railway company: EINSTELLER

**349,90€**

Photomontage

Electric locomotive 189 909 of the Beacon Rail.

- Prototype-accurate sliding piece on the pantograph for Italy
- Used in cross-border traffic
- Elaborate roof design
- Finely detailed model with many separately attached plug-in parts
- Headlight with cool white light-emitting diodes (LED)
- New authentic sound
- In digital operation with switchable headlight/tail light

Beacon Rail, a rail vehicle leasing company headquartered in Luxembourg, primarily leases locomotives and rolling stock to rail transport companies across Europe. With the acquisition of Mitsui Rail Capital Europe B.V. (MRCE), Beacon Rail's locomotive fleet was strengthened by 222 electric locomotives, which previously made up only a small part of the company's locomotive fleet. Among these are class 189 multi-system locomotives, which are currently being gradually rebranded.

## General data

Coupling	NEM shaft 362 with close coupling mechanism
Minimum radius	358 mm
Flywheel	yes
Number of driven axles	2
Number of axles with traction tyres	2
Article number	7520188
EAN	9005033386993
Scale	H0
Epoch	VI
Railway Company	EINSTELLER

## Electrical

Motor	5-pole motor
Head light	3 headlight, dependent on the direction of travel/2 tail lights, dependent on the direction of travel
LED head light	yes
Additional light function	yes
Sound	yes
Control	AC
Interface	Electrical interface for traction units PluX22
Digital decoder	PluX22

## Measurements

Length over buffer	225 mm
